G Room		Such fragmentation is not limited to linguistic line but is deeper within the same linguistic group. Create a collaborative platform for same Linguistic Organizations to strengthen Hindu society (e.g. TANA, ATA, NATA, NATS). Many political parties and other religious groups have exploited these communities. Due to ignorance and petty egos, these organizations don't participate in the Hindu activities. This lack of engagement in the larger interests of Hindu society, results in further division of the Hindu society. There is need for increased involvement and harnessing of this traditional potential in organizing the community and the Hindu society. Sometimes inter community conflicts are engineered for various reasons. We need to promote positive inter community bonding and interactions for better understanding and common good of Hindu society.

Room	11:15 AM	Session 4. Operational mechanism for Hindus to reach the unreached areas	Chair: XXX	75 Min		

d	G Room	Developing operational mechanism and resources for Hindus to reach the unreached areas: such as South America, Africa and Eastern Europe. Most of these unreached areas belonged to various indigenous tribes with ancient tradition, culture and heritage. Many of these groups have been either converted to Islam or Christianity. It has been noted that some of these groups continue to practice their ancient traditions although they have been converted. Now there is a revival and they are looking towards Hindus because of similarities. So there is an opportunity to work with these groups.

d	G Room	There are many challenges that the Hindu society faces in lands outside of Bharat, apart from discrimination and human rights violations. These are genuine socio cultural needs that arise in a totally foreign context. What can we do to share these common concerns and develop common frameworks and solutions that can be shared. These challenges also present opportunities for Hindus to contribute positively to their adopted lands drawing upon the depth and richness of their ancestral heritage.

We then conducted an online poll where the World Hindu Congress community selected four panelists to present here at the conference. We hope that you will be able to learn from these presentations and implement their learnings in your own communities.

		Can Hindu Organizations work together for the larger Hindu resurgence? (Chinmaya Mission, Bharat Sevashram Sangh, Sri Ramakrishna Mission, BAPS, ISKCON, Art of Living, Gayathri Parivar, RSS, VHP, Acharya Sabha, etc.)				
		All these Hindu organizations are working for the Hindu resurgence in their own core competence and areas of influence. However, they do not come on one platform to discuss, deliberate and devise common strategy to serve the Hindu movement. We need to improve this scenario and to see how to bring them together to work for the larger interest, respecting their individual identity.
