COW = Creator of Wealth

Abhinav Goswami
Texas Gaushala

Speaker Bio

With 25+ years as Data Scientist across pharma, finance, and tech, Abhinav transitioned into social entrepreneurship through setting up VedicTree in Aligarh Uttar Pradesh, India and founded Texas Gaushala in Houston. Together, these ecosystems empower rural communities through regenerative agriculture, organic farming, cow breeding, botanical therapeutics, and holistic & sustainable living.

Texas Gaushala

- A modern infrastructure dedicated to the nurturing of indigenous cows. Founded in 2020, with 2 cows in our backyard
- Currently at twenty acres in Waller, Texas with 65 cows of Ongole, Gyr, Sahiwal and other breeds from India
- Working ecosystem that produces food, energy, soil health, education and livelihood for a community

VISION

Envisioning cows central to a harmonious, self-sustaining global economy.

MISSION

To revolutionize the global economy by positioning cows at the heart of sustainable practices, integrating them into agriculture, energy, and therapy to foster environmental harmony, enhance global well-being, and pave the way for a balanced and prosperous future for all communities.
