

Session 5

Hindu Mandir Empowerment Council
October 2 - 4, 2026 | Buena Park, California

**Dr. Vipin K
Chaturvedi**

Moderator Bio

Dr. Chaturvedi is a world-renowned immunologist and Professor of Medicine at UCSD. He holds many patents and co-founded several companies, including GRI Bio (NASDAQ: GRI). He lectures on Vedic Gyan-Vigyan, applying Sanatan teachings to modern living. A Hindu Mandir trustee, he serves ISKCON, Ekal, Seva International, DCF, HUA, and Gaushalas.

Gau Seva represents a foundational and sacred position in Sanatana Dharma (Hinduism)

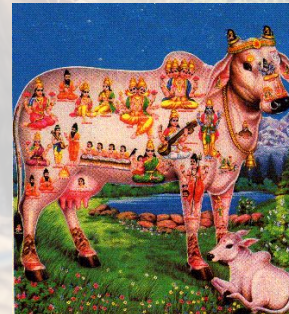

Benefits of Gau Seva

- Material Level (*Artha*)
- Moral Level (*Dharma*)
- Spiritual Level (*Moksha*)

What is the Shastric Pramana?

- **Atharva Veda** symbolizes The Cosmic Anatomy
 The Sky and Earth: back represents the sky, and hooves the physical earth.
 The Maruts (Air): respiratory system is the home of the Air, purifying the air
 The Sun and Moon: eyes represent Surya (the Sun) and Chandra (the Moon), projecting life-giving energies
- **Chandogya Upanishad (4.4):** serving cows to purify his consciousness (*Chitta Shuddhi, relinquishing ego, pride, desire*) to understand *Brahman*
- **Amrita Bindu Upanishad & Gavopanishad:** the Divine Mother who provides the *Panchagavya*.
- **Surabhi Upanishad,** delve into the mystical properties of **Panchagavya** as refined form of *Sattva* (the quality of purity and light)
- **Gopala Tapani Upanishad (Atharva Veda):** elevates the cowherd setting to the peak of absolute spiritual philosophy stating that the ultimate reality (*Brahman*) is realized not as an abstract void, but as **Gopala**—the youth surrounded by cowherd boys, cowherd girls (*gopis*), and infinite cows (*gavas*).
- During creation, गोपीजनवल्लभात् ज्ञानं सुरभ्यश्चापि जाताः । स्वाहातः पुरुषनार्यादि सकलं जगदिति ॥ ३३ ॥
- **Padma Purana:** *Sarvadevamayi hi gauh.* "The cow is the embodiment of all the devas." Lord Brahma in her horns, Lord Vishnu in her shoulders, Lord Shiva in her forehead, and all other deities, sages, and holy rivers reside in her body. Circumambulating (*Pradakshina*) a cow is equivalent to serving all devas, Rishis, Tirthas simultaneously
- **Srimad-Bhagavatam:** *Gopo-gopi-gavam chapi krishnah priyakaro harih.* "Sri Krishna, the Supreme Hari, takes immense pleasure in pleasing the cowherds, the gopis, and especially the cows."
- **Srimad Bhagavad Gita: Go-brahmana hitaaya cha**
- **Govinda, Gopala and Goloka Dhaam**

***Ahimsa* and *Gau Seva* as practical foundations for building a compassionate, self-sustaining, and legally righteous society—Chhatrapati Shivaji Maharaj**

Breaking the principle of *Ahimsa* (non-violence) against a cow is considered one of the most severe moral and spiritual transgressions or the Karmic Debt of hell (*Naraka*)

Vedas: ~Referred to as *Aghnya*, meaning "she who must never be killed or harmed." *Rig-Veda* 10.87.16; *Atharva Veda* 1.16.4 & 1.1.64 & *Yajur Veda* 30.18

Puranas: *Garuda Purana* *Agni Purana*, *Brahma-Vaivarta Purana*:

Itihasa: *Mahabharata Anushsana Parva*

Smriti: *Manusmriti* 11.60 *Upapataka sin*

Ancient Scriptural Framework	Maratha State Law (Swarajya)
<i>Aghnya</i> : cows must not be harmed.	Criminalized Slaughter: Total prohibition of slaughter and beef sale in the kingdom.
<i>Rajadharma</i> : A king must defend the defenseless to maintain cosmic order.	<i>Gau-Brahmana Pratipalaka</i> : Royal declaration that kingly duty is bound to cow protection.
Active <i>Gau Seva</i> : Mandatory feeding and shelter infrastructure: Gaushala, Water infrastructure	<i>Gairan</i> Allotments: State-sanctioned, non-taxable grazing land reserved strictly for cows.

Unique properties of Cow (*Bos indicus*)

This cow's antibodies could be the newest weapon against COVID- 19

Company is using genetically modified cows to produce immune proteins that neutralize the pandemic coronavirus

5 JUN 2020 • BY MITCH LESLIE

Genetically engineered cows are making human antibodies [science.org](https://www.science.org) RS-CoV-

The structural architecture of cow antibodies is **uniquely distinct from humans and almost all other animals**. Cow antibodies utilize a specialized "ball-and-chain" or "stalk-and-knob" projection to capture pathogens.
